NATIONAL IQUAL RIGHTS LEAGUE. Annual Meeting-Summary of Pr ceedings of the First Day,

The National Equal Rights League is now holding its annual meeting in Garret's (late Chapin's) Hall. The Convention met at ten o'clock yesterday morning, John M. Langator, Esq , President of the League, in the chair, and St. George R. Taylor, of Philadelphia, Secretary.

The convention is highly respectable for numbers and the character of the gentle-men composing it. About one hundred and fifty delegates are present, comprising representatives from Virginia, North Carolins, Tennessee, New York, Michigan, New Jerssy, Connecticut, Ohio, Pennsylvania and other States. The meeting is largely attended by the best colored men in the

various gentlemen. The audience was largely composed of women. The main purpose of the Equal Rights League, in this meeting and in all meetings, is to secure for the colored people o this country equality before State and National laws. That object is a worthy and every way reasonable one, and must commend the organization and its efforts to the kind consideration of every right-minded

We are glad to find the leading men o the League expressing great confidence in the National Government, and making exhibitions of the most thoroughly loyal and patriotic sentiments. We bespeak for the League now in convention here, the confidence and patronage of the people of our

The Cuyahoga County League will hold meeting this evening in National Hall, which will be addressed by Messrs. J. W. Logan, of New York, Peter H. Clark, of Cincinnati, and John M. Langston, of Oberlin. They are all eloquent speakers, and will address the audience on the issues of the heur. In connection with this meeting, a festival will be given, at its close, for the benefit of the League. The National Equal Bights League will be in session to-day and to morrow.

Miss Evans,-This talented young lady, as we have before stated, will favor the people of Cleveland with two lectures at Brainard's Hall next Monday and Tuesday ovenings, this being her first tour west since her arrival in this country. Her whole time for the past two years has been monopoized in entertaining eastern audiences who have thronged nightly to hear her, paying large prices for tickets, and suffering great inconvenience for want of seats. We clip the following from the Boston Evening

LECTURE BY MIRE EVANE THE YOUTHFUL.

ORATRESS.—Trement Temple was filled to its utmost capacity, last evening, to hear the eloquent young gratress, Mire Susannah Evans. Even the platform was occupied out to the very front with those who had paid for reserved seats, and many were obliged to stand in the passage-ways. Mr. B. W. Williams presided, and introduced Rev. Dr. Marsh, of New York, who presented the lecturer to the audience. Mire Evans, with perfect self-possession, delivered her address, without notes, interspersing her argument in favor of total abstinence with sharp hits at the drinking customs, and a number of stories which brought down the house. Some of the passages in LECTURE BY MISS EVANS THE YOUTHFUL toms, and a number of stories which brought down the house. Some of the passages in her lecture were very eloquent, and her appeals to "fast young mon," to ladies and mothers, to join the temperance army, were listened to with almost breathless attention, and frequently applicated. We have sel-dom seen an audience held in such atten-tion. Miss Evans is a truly remarkable young lady and must do an immense young lady and must do an immense

Rouse were the Umpires uests, themselves excepting the same to all Gillett and Geo. Rouse were the Umpires the places of interest which the city has to The Cleveland players did some fine bat ting, though several of them fell easy victims to the excellent bowling of Mesers. Staemick and Fordyce, of the Meadvill Club. They succeeded, however, in ob-taining the creditable score of 89 on their first winning, which was played in an hou and three quarters. The Excelsiors then took the bat, and after a two hours' inning retired with a score of 64. The fielding of the Forest City Club was, we think, superior to that of the Excelsior, though both in bowling and batting the two clubs were very evenly matched.

At the end of the two first innings 's discussed with much gusto an excellent luncheon served up by Mr. S. W. Garrett. Play being resumed, the two last innings went off with much more anap than the first, both being played in about two hours. Matters at first looked somewhat blue for Cleveland, who first took the bat, the wicket of four or five of their best players falling almost as rapidly as they took the club before the straight bowling of Mesers. Brown and Staemick. Sending in some Kirkwood, of the Weddell House, have made sure knockers and good runners, however they soon arrested this course of things and ran their score up to 79 on the second innings, a total of 168, leaving Meadville 104 to tie. It was soon evident, however, that this would be impossible and the closing innings was rapidly played, Meadville coing out with 59, a total of 103, leaving the victory with Claveland by the decisive mejority of 65 tallies.

The game was played with commendable spirit, fairness and harmony, and the office of umpire was more nearly a sinecure than is often the case. The bowling of Mesers. Moore of the Forest City and Brown of the Excelsior are especially to be commended. Mesers. Day, Denny and Kittiemseter, of the Forest City, and Cowell and Crosby, of the Excelsior, won laurels with the bat. The score is as follows:

THE WEST PIRE -About three weeks since the Government let to Mezzrs. Nicoll and Mott, a contract to repair, and make certain additions to, the west pier. The Government furnishes all the material for the work. A new crib of increasing width as slight recess was taken, and the players it proceeds toward the lake end of the pier, will be constructed 400 feet in length, inside of, and close to, the old crib, and filled with stone. The double row of piles extending along the pier will be removed, and the harbor dredged, so that the channel will be 180 feet wide. Another layer or thickness of timber will be inid and bolted upon the whole extent of the crib, new and old, and upon the pier head. If Congress makes another appropriation this winter, both piers will be carried out, next

season, into the lake 200 feet.

ACADEMY OF MUSIC. -- ROSEDALE. -- The second night of Rosedale, with Mr. Negle as "Elliot Grey," drew another crowded and brilliant house last night, and universal delight was expressed with the play, the actors and the new and splendid scenery. The tableau at the end of the fourth act, at

the very point at which the crisis of the play cours, when the interest of the spectato is wrought up to the highest point, deserves especial praise for its suddenness, completeness and beauty. Rosedale will be repeated again this evening, and we advise all of our readers to

ook in upon it. BROWNELL STREET SCHOOL HOUSE - Not having heard a lisp or single peep for some time about the above school house, which has abundantly vexed the souls of the City Council and especially the reporters, we had come to think it had gone into winter quarters. But it overshadowed the Council sgain last night. It leaked out that the house will probably be dedicated on Friday of next week. It has been such a nuisance

and been cursed and sworn at so much, that

it will take a long series of very strong re-

ligious exercises to consecrate it FAIR AT WELLINGTON .-- The Tenth August Fair of the Union Agricultural Society will be held at Wellington, Lorain county, on Wednesday, Thursday, Friday and Saturday, the 27th, 28th, 29th and 30th of this month. The sales of Dry Goods for cash exclusively and at "Ine Price," astonishes the adherents of the old fastioned credit and many priced system—but the people like it, especially when accompanied by prices 10 to 25 per cent. below those of the credit houses. We have tested this system of "One Price" (having all our goods marked in along finers) for many years, and find in plain figures) for many years, and find our sales have more than quadrupled since its adoption. With a stock of goods unsurpassed by any in the country we propose to offer to our patrons this season inducements not obtainable elsewhere.
